W 3000 PLUS

Starter bay   **Extension bay**
Simply better – Your W 3000 PLUS

Based on the R 3000, the W 3000 PLUS was developed especially for C-parts specialist Würth Industry North America. Starter and extension bays are tailored to fit the requirements and dimensions of the W-KLT 2.0. Whether in the galvanized version or in RAL 3020, the W 3000 PLUS is compatible with the standard R 3000 racking in all components and always makes a good impression for the correct storage of your C-parts.

The profile with its unique, enclosed design ensures a high load capacity up to 7000 Lbs. and has a compact footprint providing optimal space utilization. The special slot pattern with a spacing of 26.75 in provides mounting options for appropriate accessories. Stable cross beams provide a secure structure for shelves as well as allowing the incline to be adjusted. They can also be used as a surface to house kanban labels so that your small parts are stored in a structured way and can be clearly identified. The special-beam in red gives an additional opportunity to mount the RFID i-shelf.

The 9 heavy-duty, chamfered shelves with enclosed corners and safety edging complete the overall package that not least thanks to the simple assembly process – is simply better.

COMPLETE RACKING

Comprising 2 frames or 1 frame including base plates, cover caps as well as 9 shelves each with 2 cross beams per shelf-level and the corresponding load sign.

ACCESSORIES

Kanban sign holder
Total height 12.59 in
Holder   11.81 in wide,
               8.14 in high
Order no.   6670358

Holder for cable reel
Width   17.32 in
Depth   4.92 in
Ø axle   .59 in
Order no. 6670359

Perforated plate side wall
Height   88.77 in
Order no. 6670360 (W18.81 in)
Order no. 6670361 (W26.69 in)

Threaded rod mounting set
Depth   5.11 in
Order no. 6670362
            (W 23.22 in)
Order no. 6670363
            (W 31.1in)

Plinth Rail
Height   33.46 in
For bay width 39.52 in:
Order no. 6670405
For bay width 50.86 in:
Order no. 6670407

Form holder
DIN A5
Order no. 6670364

Inclined hook
Length   .55/1.57 in
Order no. 167861

Pliers holder
Height   .78 in
Order no. 167884
            (W 2.16 in)
Order no. 167885
            (W 2.95 in)

Machine tool holder
Order no. 167889 (Ø 2.36 in)
Order no. 167890 (Ø 3.14 in)

Cable holder
Order no. 167891 (L 5.9 in)
Order no. 167892 (L 1.73 in)

Double tool clip
Order no.   167876 (Ø .23 in)
Order no.   167877 (Ø .39 in)
Order no.   167878 (Ø .51 in)
Order no.   167879 (Ø .62 in)
Order no.   167880 (Ø .74 in)

Double tool holder
Width   1.37 in
Order no. 167859 (L 2.95 in)
Order no. 167860 (L 5.9 in)
